

GRIMSBY HONORED by a Visit From A. B. C. Mediators, United States and Mexican Envoys and Newspapermen From All Over the World

GRIMSBY'S NEWEST FACTORY WILL BE IN FULL OPERATION BY THE FIFTEENTH OF JUNE

New Firm is Known as the GRIMSBY SPECIALTY CO. and is Capitalized at \$50,000--- They Have Taken Over the Entire Business and Plant of Silica Soap Co. of Vancouver, and the Machinery is Now on the Cars and Rolling Eastward.

WILL EMPLOY TWENTY MEN TO START

They Are the Exclusive Makers of all Soaps and Cleaners Used by the Big Railways, Hotels and Schools---They Have Contracts That Call for 4800 Cases of Goods Every Month---Each Case and Package has Name GRIMSBY on it.

GRIMSBY'S new factory will be in full operation and in one more place in our busy little town will the wheels of industry be turning and the machinery purring, while the goods are being turned out and shipped away to all parts of the world, and on every package and every box will be printed and printed the name GRIMSBY.

The new company is the one of which we gave you some meagre details about a month ago, and now we are going to give you a full and concise description of the company and what they make.

The new company is to be known as the GRIMSBY SPECIALTY CO. and they are capitalized at \$50,000. They have taken over the business of the Silica Soap Co., of Vancouver, B.C., and the whole plant from cellar to garret is now on the wheels and rolling eastward towards GRIMSBY.

A carload of raw material will arrive in GRIMSBY about June 1st, and the company expect to be running a full force of about twenty men by June 15.

The new company will be located in the rear of the INDEPENDENT Block, which has been remodelled and fixed up for them. The company manufacture "Cinch Cleanser" to compete with Sapolio, and is used exclusively by the C.P.R. on their trains and boats, the G.T.R., C.N.R. and all the largest hotels in Canada. "Velvet Liquid Soap" now being used exclusively in the schools of Vancouver, Calgary, Edmonton, Winnipeg and other large cities throughout Canada.

WILL OPEN WYLD- WOOD BOULEVARD

Only Two Appeals Against Assessment in North Grimsby---Apply for Estimates on Hydro Railway.

North GRIMSBY Council met as a Court of Revision on Saturday last. Only a couple of appeals were put in against the assessment.

After receiving business several petitions were received and considered. Four of the petitions were for the opening of Wyldwood Boulevard and placing of stone thereon. The road wished open will join Lake St. at Jas. Taylor's corner.

Deamer-Marlowe---That the appeal of Merrill be not allowed and that A. H. Bawn and that Bawn assessment be reduced one hundred dollars and that Redcott be assessed for the same and that the Assessment Roll as revised, be confirmed. Carried.

Deamer-Marlowe---That the assessment roll as now revised be now confirmed and the Council resume general business. Carried.

Deamer-Marlowe---That this Council of the Municipality of the Township of North GRIMSBY, in the County of Lincoln, request the Hydro Electric Power Commission of Ontario to enquire into, examine, investigate and report the cost of constructing and operating an electric railway, under the Hydro Electric Railway Act, in this Municipality, and upon different routes for said railway, and also upon general scheme for such a railway or railways through the Counties of Lincoln, Weland and Halton, and the Townships of Barton and St. Catharines in the County of Wentworth, and supply an estimate of the probable revenue to be derived from the same.

GRIMSBY BEACH HAD A GOOD OPENING

About 3500 Pleasure Seekers Visited This Beautiful Resort During the Day.

The beautiful of all beautiful summer resorts, GRIMSBY Beach, had its fifth annual opening on Victoria Day and considering the short time in which the new company had to get the beach in shape, it was truly a good opening.

The advertising and billing matter for this famous resort was not prepared until Tuesday last, and it was Thursday morning before Press Representative Livingston was in shape to send his bill posters over their routes, but considering the short notice, a fairly large crowd of pleasure seekers wended their way to the beach and all had a good time.

Everything that the beach people advertised was open and doing business and everybody was happy.

The Auditorium had two good houses to see the bill presented there and while it was not as classy as the company expected, yet it was far above the attractions that have held the boards in this house on previous openings.

Four vaudeville acts and a tabloid musical comedy composed the bill. Emley & Hutton using U. M. C. arms and ammunition in a sharp-shooting act, were by far the best act on the bill. Their shooting with the revolver and from the back of the theatre at small objects, was an excellent exhibition of marksmanship.

About thirty-five hundred people visited the beach during the day and we feel sure that they all had a good time.

Future announcements of the policy of the company will be presented to you during the summer, will be made in a week or two.

Dr. Morris Suddenly Called

People of Grimsby Were Shocked and Pained to Hear of His Sudden Death on Friday Last

PAST MASTER OF UNION LODGE A. F. & A. M.

He Graduated From Toronto University in '96 and Came to Grimsby to Practice Seventeen Years Ago

FORTY-ONE YEARS OLD

He Served the Town as Councillor for Three Years, but Retired on Account of His Heavy Practice

The people of GRIMSBY and the surrounding country were pained and shocked on Friday morning, May 22, to learn of the sudden and unexpected death of Dr. James S. Morris, one of GRIMSBY'S most prominent citizens and a doctor of more than local reputation.

Dr. Morris came to GRIMSBY seventeen years ago and almost from the very first was a successful practitioner and soon built up a very large practice, too large, in fact, because the arduous nature of his duties was the means of breaking down his health.

Dr. Morris was born in Oshawa forty-one years ago, graduated from the Toronto University in 1896 and has practiced in GRIMSBY ever since.

About three years ago his health began to break down and although he took frequent vacations, the hope of building up his health, the practice was more than he could carry and the final break-down came about a week before his death.

The deceased gentleman was very popular throughout the entire community and his fame as a doctor had spread beyond the limits of the local town. Amongst Hamilton medical men he was looked upon as one of the best practitioners in the entire district.

Several years ago he was elected to the village council and served them for three years, retiring on account of the fact that he had not the time to attend to municipal affairs.

He was a prominent member of the past Master of Union Lodge, being a past Master of the same for three years. The late Dr. Morris was a very popular and modest man, but in spite of this he was immensely popular and very few as townsmen of GRIMSBY who have passed on will be more regretted than Dr. Morris.

He is survived: Morris. Several years ago he was elected to the village council and served them for three years, retiring on account of the fact that he had not the time to attend to municipal affairs.

The funeral is to be held in the afternoon and is taking place this morning at the home of the deceased.

Service will be held in St. Andrew's church and the interment to Queen's Lawn cemetery, interment to Queen's

Photo of the Mediators, Newspapermen and their Families taken in front of the Village Inn

GRIMSBY has in the past been the scene of many notable gatherings. It has been honored with the presence of Royalty and with the presence of great men from far and near, but we doubt if the beautiful little town nestling at the foot of the hill and stretching away to the blue rippling waters of Lake Ontario, with its magnificent homes and richly cultivated farms and fruit orchards has ever held a more notable and world-wide gathering than the one that visited the town on Sunday last, when the Mexican Mediators motored from St. Catharines and had tea at the beautifully appointed Village Inn.

The party was comprised of Mexican Envoys, the United States Representatives, the B. C. Mediators, their wives and children and about forty newspaper men from all over the globe.

"DOC" IS SUING THE JOURNAL

St. Catharines, May 27.--Notice of action for libel on behalf of Dr. Jessop, Conservative candidate for the new riding of St. Catharines, was this afternoon served on The Evening Journal. The action is based on an attack on the doctor, whom the paper charged with breaking an agreement not to again offer himself as a candidate for the Legislature, in consideration of which promise no opposition was offered to the doctor last election.

In receiving the nomination a week ago, Dr. Jessop offered \$1,000 for proof that he had entered into the agreement. The Journal has challenged him to put up the forfeit, but this has not yet been done. The Journal today, anticipating the suit, published a desire that the case be pressed to a conclusion before the elections are held. The case is welcomed by the paper.

POWER OFF AGAIN

Three drops and a drizzle of rain and a nicker's worth of lightning splashed over this section early Tuesday morning and as a consequence the Cataract Power supply went out of business. Everything in GRIMSBY and the H. & B. were tied up until after ten o'clock when the juice came on again. After being on for about fifteen minutes a little repair of wind came along and blew down the wires running into the transformer that supplies the INDEPENDENT with current for its three big motors, and as a consequence the INDEPENDENT stood idle for another four hours before the wires were fixed.

LINCOLN CONSERVATIVES ORGANIZE

Officers Elected and Executive Appointed at an Enthusiastic Meeting Last Saturday.

Beausville, May 24.--If organization counts for anything the Lincoln County Conservative Association which was formed on Saturday afternoon in Beausville, certainly looked a winner. The meeting was held in Clinton Hall, which was crowded to its capacity with staunch Conservatives from all parts of the new riding. On the platform were the president and officers of the old Lincoln Conservative Association, which was discontinued some time ago when the redistribution bill dividing Lincoln county into two electoral divisions, was passed by the Ontario Legislature. The chair was occupied by A. Courtney Kingston, K. C., of St. Catharines, who stated that he would act in the capacity of chairman until the new president had been elected. Stirring addresses and enthusiasm of a high order characterized the meeting.

J. D. Bennett, one of the oldest residents of Beausville, and one of the best known Conservatives in the county, welcomed the delegates on behalf of the local Conservatives. He was pleased, he said, to learn that a movement of this nature had materialized, in view of the fact that each election showed more hopeful results for the Conservative party. An organization of this kind, he thought, was something which had to be formed now that the County of Lincoln had been divided. He urged them to select only the best available members for the various offices and to be a trifle slow about having a candidate to represent the party in the coming elections. He gave a brief account of the political history of the two parties and the various contests during the past twenty-five years and said he remembered when there was only one polling booth in St. Catharines and another at the extreme end of the county where the whole of Lincoln county voters had to record their votes.

The next speaker, Dr. E. J. M.L.A., of St. Catharines, who has past fifteen years as a representative of Lincoln county in provincial house, was presented with a certificate of appreciation for his services. He expressed regret that party divisions made it impossible to hold a county-wide election.

Facts and Fancies

By Frank Fairborn

The war between the United States and Mexico was transferred on Sunday last to the Village Inn, GRIMSBY, for a couple of hours, about seventy-five motorists and newspapermen taking part in the battle.

The war party motored from Niagara Falls, Ontario, along the Queenston and GRIMSBY stone road, to GRIMSBY, and so beautiful was the country and so pleasant the road, that for the time being they forgot all about their troubles and when they arrived in GRIMSBY they were a happy party.

Mexico is supposed to be the richest country in the world in minerals, grazing lands and other natural resources—the United States (at least so its own people think) is the finest country that the sun shines on, but not only did the Mexicans and the United States' people, but the motorists from the Continent of South America, have their eyes opened when they motored through the Niagara District.

Several of the party had travelled in many lands and seen many countries, but all of them had to acknowledge that the like of the stretch of country from Niagara Falls to GRIMSBY, they had never seen.

The party was in charge of the St. Catharines Motor Club, whose guests they had been earlier in the day. In the Garden City, and the people of GRIMSBY feel they owe a debt of gratitude to the Club for bringing the renowned visitors to spend a few hours in our village.

We were delighted to see them and we hope that they were delighted to see us.

"Consistency, thou art a jewel" that was the old adage. I have a little adage of my own and it reads something like this—"Consistency, thou art a jewel, but damn few people possess you."

Consistency is a virtue that I cannot ascribe in overwhelming quantities to Mr. McDougall of the Toronto Globe.

The editor writes a long editorial starting off with the announcement that the open bar room is the curse of the community and that if the N. W. Rowell policy of "Abolish the Bar" is carried out, it would be the greatest blessing that could possibly happen to the country.

The editor of the Globe makes some glowing statements and some highly colored arguments in favor of his theory, and as he waxes warm he begins to get afraid that he may be over-doing it, and for fear that he would drive more people away from Mr. Rowell than he would attract to him, he winds up by stating that the liquor stores will still be open.

In plain words, the editor of the Globe says "Vote for Mr. Rowell and the policy of abolishing the bar and then you can get all the whiskey and beer you want at the liquor stores."

The editor of the Globe would stop men from buying a single glass of beer, but he would give them the permission or the opportunity to buy a bottle of beer or a keg of beer, or a case of whiskey, in a liquor store.

In other words, the editor of the Globe would prevent the people from buying a small quantity of beer at retail, for which they would have to pay five cents, and he would force them to buy a large quantity of whiskey by wholesale, at a dollar a bottle.

Nice logic and nice argument for a minister of the Gospel and a delegate to the Peace Conference of the World.

Beer does not make drunkards. Whiskey does make drunkards.

The editor of the Globe is opposed to the sale of beer in bar rooms, but is not opposed to the sale of whiskey in liquor stores.

THE T. H. & B. FR. M. SMITHVILLE TO DUNNVILLE

Dunnville, May 23.—The Town Hall was filled with citizens Tuesday evening, who were unanimous in asking Council to submit a by-law to raise sufficient money to purchase a right of way into the town for the extension of the T. H. & B.

Mayor Pease called on Mr. G. H. Orme to make the report of the committee of the work which the committee appointed last week were requested to undertake.

Mr. Orme stated that all the property owners on the strip of land required, from Bridge St. to Niagara between Canal St. and the Feeder, had been interviewed, and with only a few exceptions, satisfactory arrangements had been made for their vacating the land at a fair price. Taking the owners' valuation, the cost would amount to \$39,160, but the committee were confident that this amount would be reduced to \$35,000 and they were prepared to guarantee that this sum would be sufficient.

The railway company was ready to commence building operations at once, and had promised to have trains running into Dunnville over the line from Smithville, before December of this year.

The T. H. & B. will construct at the corner of Bridge and Canal Sts. a handsome station costing \$30,000 and a large brick freight house to cost \$10,000. Three passenger trains will be run every day to make connections with the trains on the main line.

Other points of entering the town had been suggested to the railway company, but they had declined to accept any other than the one proposed. Mr. J. W. Holmes was strongly in favor of the road, and asked that the mistake of some years ago be not repeated.

during the entrance of the M. C. R. to not repeated, leaving the town for many years more at the mercy of one railway. He gave all the credit for having brought the proposition to its present point to Mr. W. J. Alkana, who, he said, for some years has been quietly working to this end.

To the suggestion that the sum granted to the D. W. & B. be applied on the amount required, Mr. Orme stated that there was a strong probability of its ultimate completion, and this would mean the bringing of electric power to town, an incalculable benefit.

The committee, finding that the opinion of the people was for granting the site to the railway, decided to meet Mr. Bechley, president of the T. H. & B. in Buffalo on Thursday and enter into an agreement for the construction of the road.

Protect the Heart From Rheumatism

RHEUMA PURIFIES THE BLOOD AND THROWS OFF COMPLICATING DISEASES

Weakening of the blood tissues by continued attacks of rheumatism affects the heart and produces complications which result fatally. RHEUMA puts the blood in condition to ward off other diseases and eradicates rheumatic conditions from the whole system. Recommended for all forms of Rheumatism, 50 cents at W. M. Stewart Drug Co.'s store. This letter will convince you of its great value:

"For nine weeks I was unable to work owing to my feet being badly swollen from Rheumatism. I also suffered severe pains in the back. After using two bottles of RHEUMA the Rheumatism has entirely left me." —P. H. Morris, Port Erie, Ont.

A CLEAN-UP SONG

If there's rubbish in your home, Clean up! Scrub the place from "pit to dome" Clean up! Throw your heart into the plan, Make the place look spick and span—Clean up!

If there's cobwebs on your heart, Clean up! "Clean-up time" is here, so start—Clean up!

Deeds of mercy show today, Give your better self fair play, Dig the gold out of your clay—Clean up!

If there's venom in your breast, Clean up! Give your enemies a rest—Clean up!

Scale Hate's rust and free the mind, Out Love's kernel from Spite's rind: Win your foes by being kind—Clean up!

There is One who seeth all—Clean up! Does he think you great or small? Clean up!

Throw off pride and play the man; Join the Clean-Up Caravan; All must die and Life's a span—Clean up!

—Franklin in Philadelphia Ledger.

POWDERY SCAB OF POTATOES

Some time ago it was found that there existed in the eastern provinces of Canada, viz: Prince Edward Island, Nova Scotia, New Brunswick and Quebec, a disease of the potato tuber known as Corky or better known as Powdery Scab, which had probably been present, at least in some localities, for a number of years, but not distinguished from the disease known as Common Scab.

While this disease, under Canadian conditions, has so far only in one instance, given indications of being more destructive than Common Scab, it is, nevertheless, a very undesirable malady to have permanently established in potato growing land. As a result of the discovery of Powdery Scab, the United States authorities, through fear of introducing the disease, have insisted that potatoes shall not enter the United States except under a rigorous system of certification, which includes a certificate to the effect that the potatoes were raised in an area in which neither Potato Canker nor Powdery Scab exists. If the export with the United States is to be regained in face of the existing regulations the methods of dealing towards the eradication of the Disease must be followed intelligently and in a thorough spirit of co-operation.

In order to familiarize the farmers of Canada with this disease Mr. J. W. Eastman, Chief Assistant Botanist of the Central Experimental Farm has prepared a comprehensive circular entitled Powdery Scab of Potatoes, which is Farmers' Circular No. 5 of the Division of Botany and is available to all who make application for it to the Publications Branch of the Department of Agriculture, Ottawa.

The nature, symptoms and preventive methods are fully outlined and the following summary of recommendations for control of Powdery Scab are given:

1. Use only "seed" from a crop free from the disease.
2. Disinfect such "seed" to destroy any stray disease germs.
3. Use land known to be free from the disease. In most areas this will have to be land not previously planted to potatoes.
4. Do not plant potatoes again in land which has shown the disease. If possible, seed such land down to grass.
5. Isolate the crop from any field showing the disease and take all possible precautions to avoid the spread from this crop scattered where they infect other potatoes.
6. Pay special attention to the cleaning and if necessary, disinfection of implements which may carry the disease.

THE BATTLE OF WATERLOO I have been asked a number of times about my Scotch half, so I went over to Toronto on Monday and went up a cousin of my mother's, a

NO ALUM

Scotchman by the name of George Macdonald (as by the way, he speaks Gaelic, and two other Scotchmen in his office do too). My grandfather was Donald Macdonald and my great grandfather, Lieut. Alexander Macdonald of the 66th Highland Rifles, who with his regiment fought in the battle of Waterloo. He came to Canada and settled in Olenagarry county and then moved to a place called Mara, where he died in 1848. On my grandmother's side, they were Nelsons, coming from Dundee, Scotland, about 1850. My uncle, Peter Nelson, was station master at Hamilton and Dundas a short time after the Great Western was built. That's the half that does all the buying and the Irish half does all the selling for the store.

GROWING OLD

A little more tired at close of day,
A little less anxious to have our way,
A little less ready to scold and blame,
A little more care for a brother's name,
And so we are nearing the journey's end,
Where time and eternity meet and blend.

A little less care for bonds and gold,
A little more rest in the days of old,
A broader view and a sinner's mind,
And a little more love for all mankind;
A little more careful of what we say,
And so we are faring and won the day.

A little more love for the friends of youth,
A little less zeal for established truth,
A little more charity in our views,
A little less thirst for the daily news;
And so we are folding our tents away,
A passing in silence at close of day.

A little more leisure to sit and dream,
A little more real the things unseen;
A little bit nearer to those ahead,
With visions of those long loved and dead;
And so we are going where all must go,
To the place the living may never know.
A little more laughter, a little more tears,
And we shall have told our increasing years;
The book is closed and the prayers are said;
And we are a part of the countless dead,
Thrice happy, then, if some soul can say,
"I live because he has passed my way."

JAP-A-LAC--
the Furniture-Saver

WHEN you start on your campaign of home-beautifying this Spring, don't just ask for "varnish" -- ask for JAP-A-LAC; and don't be content with anything but JAP-A-LAC. Always get up in Green Tins, bearing the name "GLID-DEN." Made in 21 beautiful colors, providing for every possible requirement of the housewife, JAP-A-LAC is indeed a wonder-working aid in keeping furniture, floors and woodwork "spic and span."

No matter how badly scratched or stained a piece of furniture may be, a coat of JAP-A-LAC will make it look like new. It covers up the scratches and produces a beautiful, brilliant, durable finish. Quickly and easily applied. No experience required.

Ask your local hardware store for the JAP-A-LAC color card and book entitled "A Thousand and One Uses of JAP-A-LAC."
